ASTIGMATISM.

What It Is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent Eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful instrument Office hours 8:30 to 12:30; 2 to 6. 302½ S. Elm St.

BOARD OF ALDERMEN.

Small Business Transacted at Last Night's Meeting.

The board of aldermen held a regular meeting last night, Mayor Taylor presiding.

A L Brooks, attorney for Dr. A. E. Ledbetter, appeared before the board and asked that a special committee be appointed to confer with Dr. Ledbetter regarding his claim against the city for services rendered during the smallpox scare. Request was granted and the mayor appointed Ellington, Sergeant and Hunter.

The Benbow House asked that it be allowed to use a street car to transfer passengers to and from the depot, while its bus is being repaired. Request refused.

An ordinance was passed requiring public hacks to stand in single file on the east side of South Elm street while waiting for trains.

Upon complaint of Judge Robt. M. Dorglas, Douglas street was ordered put in passable condition.

Upon complaint of W. O. Stratford, Julian street was ordered extended to a specified point.

A fire alarm box was ordered placed on court house square, at the corner of West Market and North Elm streets.

Alderman Phillips introduced a sanitary ordinance, which, after a lengthy discussion, was referred to the city attorney to be reported upon at a special meeting next Thursday night.

The board then adjourned.

MORE BOYS RUN AWAY.

Irvin Thomas and Fred Williams Disappeared Yesterday.

About 2 o'clock yesterday afternoon Irvin Thomas and Fred Williams left their homes in this city and have not been heard from since, though telegrams have been sent in every direction. Both are small boys, probably 13 or 14 years of age, and their disappearance naturally causes a great deal of distress. No one knows in what direction they went, though it is thought that they left with the intention of going to Tennessee, where young Williams formerly lived.

If they follow the ways of the large number of small boys who have run away from Greensboro within the past few months, they will return home in a short while, of their own accord, though there is very little comfort to their families in this thought. Any information concerning them would be thankfully received.

JANE BLACK FIXED.

Sentenced This Morning to Six Months in Jail.

Jane Black was before Judge Bryan again today and received a sentence that will keep her beyond the reach of the police (much to their pleasure) for the next half year. His Honor ordered that she be confined in the county jail for six months. Jane's attorneys made a hard fight, placing several prominent citizens on the stand to prove the defendant's good character, but Solicitor Brooks was unyielding, and it having been proven that Jane would sell liquor as long as she could get pay for it, Judge Bryan made the above sentence.

Jane is regarded as the keeper of the "blindest" tiger in the city and the policemen are shaking hands with themselves that she is now out of the way for a season. However she is old and they pity her to a certain degree.

New Plumbing Firm.

A new corrugated tin building is being erected in the rear of the frame office building, corner of South Elm and East Washington streets. It will be occupied by a new plumbing shop which will be opened by Wm. D. McAdoo as soon as the building is completed.

The new plumbing shop will be managed by Mr. Jesse Alderman, for a long time with the plumbing department of the Odell Hardware Company and one of the best plumbers in the city. They will be ready for business in a few days. We wish the young men great success.

Gala Week Committee Meeting.

The central committee for the firemen's tournament and gala week will meet at Capt. Ellington's office Monday night at 8:30 o'clock, for the purpose of hearing the report of the finance committee, and transacting such other business as may be deemed necessary.

It is hoped that every member of the committee will be present The chairmen of the other committees are expected to meet with the central committee. By order of

H J. Elam, Secretary. — J. Van Lindley, President.

Special Meeting H. and L. Co.

There will be a special meeting of the Hook and Ladder Company Monday night at 8 o'clock. Every member who expects to take part in the race in the coming tournament is expected to be present. Business of more than usual importance will be transacted. J. J. Stone, Foreman.

Lee G. Wharton, Secretary.

THE AMERICANS ADVANCE.

Led by Generals Lawton, Overshine and Wheaton.

SWEEPING THE COUNTRY CLEAN.

They Kill Fifty Filipinos and Wound Many More—Two Of Our Officers Were Killed.

By Cable to THE TELEGRAM.

Manila, June 10—At daybreak today a force of four hundred and fifty men, under Generals Lawton, Wheaton and Overshine, advanced from San Pedro to Macate, sweeping the country between the bay of Manila and the bay lake south of Manila. By noon the country was cleared almost to Paranaque. Two American officers were killed and twenty-one privates wounded. The rebels resisted desperately at their stronger positions. They left fifty dead in the trenches, and many more wounded were dropped in their retreat. The heat was terrific and there were many prostrations among the Americans.

DEATH OF AMERICAN SURGEON.

Washington, June 10—The war department received a cablegram from Otis today announcing the death at Manila of Lt. Westbridge, of Illino's, surgeon of the Third infantry, of typhoid.

A Busy Place.

Beginning early in the morning and lasting far into the night the exhaust from the engine at Acme Mill Works can be heard. Calling around there today we enquired the "wherefore of the which" and Mr. Clymer, the hustling manager, told us they were just obliged to work early and late in order to turn out the immense amount of work. Looks like the roller mills all over the country are expecting a large crop of wheat from the number of rollers sent in to be ground.

The Acme Mill Works is one of our most valued enterprises, and we are glad of its success. By the way, they do all kirds of work in machinery fitting, repairing and furnishing. They recently placed the new engine for the Telegram, furnished and adjusted pulleys and belting, doing it all in a most satisfactory manner.

Salisbury is Coming.

The firemen had a good meeting last night—there was a full attendance.

The captains of the different reels and truck who were recently elected selected their men last night. Each is entitled to eight men.

The report as to a running team was satisfactory. A good team for the tournament at Greensboro is assured.

J. Thos. Morgan was elected captain of the running team and P. H. Merony foreman.

Delegates to state association were chosen as follows: Hose Reel Company No. 1—P. H. Merony and J. T. Morgan; alternates, Max Levy and P. M. Peacock. Hook and Ladder Company No. 1—C. H. Swink and J. W. Glover; alternates, D. L. Sides and Henry Goodman.

Auxiliary Fire Department.

An auxiliary of the Southside Hose Co. has been organized with the following young ladies as members: Misses Annie Pugh, Gertrude Wagg, Ruby Glascock, Irma Mendenhall, Hattie Wooters, Jennie Hardin, Madeline Douglas, Sallie Love, Virginia Bernard, Sarah DeButts, Sarah Witherspoon, Walter Frye, Mary Forbis, Julia McNairy, Lucy Jones, Bertha Jones, Carrie McNairy and Julia Settle. The young ladies are enthusiastic and will be an important factor in peparing and arranging for the couming tournament.

Better Public Roads.

Public road building in North Carolina has reached such proportions that better trained road builders are now more and more in demand in the different counties. President Alderman, of the University, and Prof. Holmes, of the geological survey, have been for some time arranging for some plan by which this demand could be met. They have decided upon the wise course of inaugurating the movement by having held in Charlotte in July an institute at which instruction in practical road and street building can be given. General Roy Stone, the government's road expert, Prof. Holmes our own state geologist, and other well known road engineers will be here in charge of the work, and the county and city authorities here will co-operate liberally.—Charlotte Observer.

Southern Officials Here.

General Manager Gannon and General Superintendent Barrett, of the Southern, passed through the city about noon today on a special train consisting of their private cars, returning to Washington from a southern trip. Superintendent Rider, of the Charlotte division, accompanied them this far and Superintendent O'Brien, of this division, joined them here.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU
HIGH POINT, N. C., June 10.

Usual services at the Methodist and Presbyterian churches Sunday night. Children's Day will be observed by the above churches in the morning. There will be preaching at the Baptist and Christian churches as heretofore. No services at the M. P. Church. The pastor is absent.

Rev. T. A. Smoot, of G. F. College, Greensboro, is expected to be present at Children's Day exercises at the M. E. Church tomorrow morning. Mr. Smoot served as temporary pastor of this church year before last and he is remembered very kindly by our people.

Mr. A. E. Barbee, who is threatened with an attack of fever, we learn is about the same today. It is thought that the disease can be broken up before gaining any further hold. We trust so.

Dr. D. A. Stanton went to Greensboro this morning to be present at the hearing of the temporary injunction case which M. A. Smith was granted in the suit which Dr. Stanton instituted against Smith in regard to a mortgage he held on some land. The case comes up before Judge Bryan.

The convict force is in the neighborhood of Deep river this week doing some much needed work on the roads in that section.

We noticed last night that our chief of police was on the run and our curiosity being aroused kept our optics fastened upon him expecting to get a startling local for the Telegram. Behold our disappointment when we were told that he was only taking an unusual evening's exercise.

The board of trustees of Trinity College chose well when they elected ex-Mayor Bradshaw, of this city, as a member of their board at their meeting held in Durham this week.

Dr. H. C. Pitts owns one of the cutest little ponies alive and is as gentle as a lamb. Two of his little children were enjoying a ride around town on the back of this little annimal last evening and it was a treat indeed to see them.

Almost every one here yesterday who heard of the devastating hail storm in the neighborhood of Thomasville Thursday evening wanted to know if it touched Tom Finch's wheat fields. Mr. Finch is one of the largest wheat raisers in Randolph county and if the storm had swept over his lands the loss would have been great.

Mayor J. J. Cox, who went to Mt. Airy on business, was requested while there to see if satisfactory arrangements could be made for our excursion to that place. He has telegraphed back in the affirmative. So everything seems to be fixed to our satisfaction and we will all have a good time and enjoy ourselves.

We see that a canning outfit of a capacity of 2,000 cans a day is advertises for sale in this week's Enterprise. Why not some of our citizens buy this plant and be ready for work when the fruit season opens. We are confident that an enterprise of this kind would pay here. Tomatoes by the acre have already been set out by parties who were told that a canning factory would be in operation here this summer. Act quick.

"The Brass Band"

That has been tugging away for the last two months is now playing some good music. At a meeting last night it was put to a vote as to what should be the name. It was decided "The Gate City Band" would be very appropriate, so this organization will be known in future by this name. In order to secure the uniforms for the gala week they have decided to give a lawn party Thursday night, June 22. The place will be published later. We need a good band here so help the boys and they will give you good music in the future Remember the date—June 22.

Will Elect a New Principal.

A private note from Jonesboro, says the trustees of Jonesboro High School will elect a new principal. It is not known definitely who it will be but it is the opinion of many that Z. D. McWhorter, of Greenville, will get the place. He is a splendid man, and the trustees will do well to select him.

MARTIN WILL BE RE-ELECTED

Senator from Virginia, it is Generally Thought.

THAT COUNTERFEITING GANG

Which Has Been Operating at Wilmington Has Been Broken Up—Other Notes.

Special to the TELEGRAM.

Washington, June 10—Senator John W. Daniel, of Virginia, was in the city Friday. He came over Thursday night from Danville and registered at the Metropolitan hotel. On Thursday the senator was the orator at the unveiling of the confederate monument at Chatham, the county seat of Pittsylvania county, and after the ceremonies came at once to Washington, remaining in the city until yesterday morning.

Senator Daniel is of the opinion that the democratic state committee will not call a convention for the purpose of nominating a successor to Senator Martin, and he says that the senator will be renominated and elected in the usual way, by the action of the legislative caucus. Other Virginia people coming to Washington also express the opinion that no convention will be held under the authority of the democratic state committee.

Whether a convention is held in the state or not, as proposed by the recent Richmond conference, the opinion is growing that there will be a candidate announced at a very early date to oppose the election of Senator Martin. If a candidate should be placed in the field it is thought that Hon. William A. Jones, the present representative from the first district, will be the man. Congressman Jones has, so far as known, said nothing upon the subject one way or the other to indicate that he would be a candidate. It is understood in any event he will be a candidate next year for re-election to the house of representatives, and expects to get the nomination, in spite of the talk of opposition among the Martin men in his district to his re-election. The election for senator in Virginia does not occur until after the congressional elections.

At the treasury department, office of the secret service, it was stated the other day that the counterfeiting gang which has been operating at Wilmington, N. C., has been broken up. So far there have been four arrests, the parties being Nick Palitz, a saloon keeper, Walter Sylvey, a plumber, A. J Marshall, a lawyer, and L. G. Helms. It is said that the secret service detectives have secured ample evidence to convict the entire gang, and that they will be sent to the penitentiary. It is claimed that the attorney was the principal of the gang, and that he ordered the metal for the counterfeit money from the Pennsylvania Smelting and Refining Works. The others engaged in the work were tools of Marshall.

Mr. J. C. Smoot, the well known business man of Alexandria, Va., has gone to North Wilkesboro, N. C., for a visit. He will spend some time during the summer months in that vicinity.

Ex-Governor O'Ferrall, of Virginia, who was in the city this week, has returned to Richmond, Va., where he is engaged in the practice of law. The purpose of the Governor's visit to Washington was to hold a conference with former Secretary of the Navy Herbert. In speaking of ex-Governor O'Ferrall, it is said that his law practice is very large, having greatly increased since his term in the gubernatorial mansion at Richmond. He spends most of his time at Richmond, Va., where his law business is established.

Hon. Frank Hume, who has resided in this city during the winter and spring, has gone with his family to their county residence at Warrick, Va., where they will spend the summer, returning to this city late in the fall. It is said that Mr. Hume may accept the democratic nomination in his district to the next house of delegates.

Cyrus A. Spencer has been commissioned postmaster at Linville's Store, N. C.

Hon. Charles R. Thomas, a representative-elect from the third district of North Carolina, is in the city for a few days, stopping at the Metropolitan Hotel. The Congressman will remain here for several days.

Mr. James E. Robinson, of Goldsboro, N. C., is registered at the Metropolitan Hotel.

Attention!

The regular meeting of the fire department will be held in Firemen's hall on Tuesday night 13th inst., at 8:15 o'clock. Every member is urged to be present. All committees will please have their reports ready.

By order of

E. L. Clarke, Secretary. — J. Henry Phipps, Chief.

MAN'S VARIED DESTINY.

The Young Man of the Nineteenth Century.

Correspondence Telegram.

The observation of the wise sayings of sacred history is the foundation of wisdom and civilization. Serve thy Creator in the days of thy youth. It prepares the young man for a useful business future, he is then prepared for a recommendation of the brightest order, reliability, trustworthy and moral culture, and protects him against evil temptations. St. Paul says no man knows the weight of temptation.

The learned pastor always advises the young men to make themselves worthy of the honor of their parents, who raised them and helped them when they could not help themselves.

Is it not wrong for a young man to waste all his best days, all the week and Sunday thrown in, sitting around wasting time, golden hours, wearing out the chair bottoms at the hotels or wherever he chances to find a loafing place, while the old mother and father support them with clothing, board and lodging, sleeping all day and roaming all night.

Now suppose we suggest that every lady, and especially all the young ladies, take an interest in this matter, and try to induce young men to come to church on Sunday morning and evenings and invite their company to break the Sunday evening's monotony also to see that they have somewhere to go, and some way to entertain their rest hours, after the business houses are closed for the day. Help the pastors to develop Christian civilization, that will put their names on the higher rolls of fame.

It is evidently a fact worthy of notice in all the relations of life, that man is a being that is considered capable of cultivation. Let kindness prevail, instead of unfriendly ways that are rude and discourging, help the church and all of its influences to help others, not on a selfish basis to show off or self-agrandisement.

Remove deceit far from your ways. Remember that Cain was full of deceit and it was not acceptable to his Creator.

ADVERTISING.

The Philadelphia Record, which is a very substantial newspaper, has every day a short double-leaded editorial on the benefits of advertising, and containing timely advice to its advertisers.

The following appeared in yesterday's Record:

"Everybody is not packing up and hastening to the seashore, the mountains or to Europe. The vast majority of the people of the large cities run away only for a week or two during the summer season. There is a constant egress and ingress of the population, but the absentees constitute an insignificant minority. Consequently it behooves the enterprising business man who has wares to sell to be mindful of the fact that, whether the weather be hot or cold, people are always in need of supplies of various kinds; and the merchant who is assiduous in making public the variety, style, quality and prices of his goods through the medium of the daily newspaper can always rely on being called upon to cater to the wants of the many thousands who are sure to read his announcements."

It has long been known that the non-advertising merchant is a failure. He is a back number, and does not belong to this age of rush and competition. He may receive enough patronage from his interested friends to keep his shop going, but it is impossible that that business should come his way which is insured by a steady, persistent, and judicious display of his wares through the columns of the daily newspaper of circulation and character.

We regret very much the continued illness of Dr. Creasy, pastor of Centenary M. E. Church, of Winston. He is a most able and brilliant divine.

THE BOSTON INCIDENT.

The Wilmington Messenger, edited by the venerable and erudite Dr. Kingsbury, has always been a bold and never-flinching champion of the rights and the good name of our beloved southland, and no insult from the north ever goes unchallenged by Dr. Kingsbury's fire-tipped pen. The Dr. feels no regret that Gen. Joe Wheeler was abused so shamefully by the two impudent Bostonians, because Old Joe had better have stayed at home and minded his own business The Messenger, speaking of the incident, says:

"The south will not care what happens to the next gray coat who goes up north to beg for a reunion and to prostrate his section if he can. The north has done nothing since 1865 to win the smiles of the south and to give any assurance of repentance for its great crime perpetrated upon the south in 1861-65. There is a world of false sentimentality and manufactured buncombe in the annual occurring talk over the forgotten past and our people and so on. The south has been the hewer of wood and the drawer of water for the north since the day that George Washington took the oath of office. The curses and maledictions of the northern fire-eaters do less harm to truth and self-respect than supposed patriotic gabble and misapplied adulation."

But we think that our most honored friend is mistaken in his intimation. We believe that the representative people of the north have a kindly feeling for the southern people, and desire that the painful past be forgotten.

The result of the Fitzsimmons-Jeffreys fight last night at Coney Island was a great surprise to the majority of sporting men all over the country. A fistic champion is allowed to enjoy his laurels for only a short season, when some bigger brute than himself comes along and relegates him to obscurity.

"It is pretty well authenticated," says the Scientific American, "that the human voice is capable of starting an avalanche." The truth of this fact is demonstrated by the case of Capt. Coghlan.

We hear no arraignment in the north of the state of Maine for the inhuman tarring and feathering of the preacher up there a few days since.

RELIGIOUS READING.

Short Sermon by Rev. Mr. Troy on "The Man Who Was True."

"Doth Job fear God for naught?" Job, 1:9. These words are recognized at once as spoken by satan, impudence personified, in regard to the character of Job. The question constituted a part of the parley that satan had with the Lord, and strongly imply, notwithstanding God had declared Job to be upright and perfect, that he could be bought; or in other words that his service of God was on account of what he could make out of it. The devil in this particular has still many imitators who often charge that certain men are in the ministry or the service of God for the dollars that may be made thereby. Usually such implications are devilish and as false as the insinuation in the text. And then he continues with signal ability to argue his side of the question: "Hast not thou made a hedge about him, and about his house, and about all that he hath on every side? Thou hast blessed the works of his hands and his substance in the land. Put forth thine hand now and touch all that he hath, and he will curse thee to thy face." Yes, some man might do so, but not Job. The devil never met a man that gave him a worse licking than Job. He had his match seven times and over. We have already had something to say of Job, but his character is so full that we can talk right on in our own way without repetition and gather from the life of this true man material that will help us all to be stronger if we but use it. Job wasn't serving God for what he got out of it, or what he expected to derive; he served Him for no other reason than that it was right to do so. And of course as all true men do, he received compensation, though for a time he had it rough and hard. So have we all. But this writer stands flat-footed and immovable on the proposition, that if we trust in the Lord and do good, verily we shall be fed. In other words, if we stand by the Lord, He will stand by us. And the food we receive will not be angelic, but substantial. Bread, meat, vegetables, and if a good fruit year, the best of pie. These things are essential to the life of man, and the true man will never want for them. God has promised to see to that. And faithful is He who has promised.

Dr. Briggs, Cadman, McGiffert and others of like ilk, say that the book of Job is a myth, and no doubt they think they know. But time is too precious to be spending it in trying to prove that this is the truth. The character of Job is one worthy of imitation. His life, together with the patience with which he accepted its trials, proves him pure gold. It is true his friends caused him to do a bit of complaining, but all the way he never forgot his Creator. When the hedge about him and his house was removed, when poverty looked him in the face and affliction sore wasted his frame, he was the same true man as in the time of affluence and health. The devil tried to run him through the sifter, but he didn't sift. He was true to himself and his God. And he came out all right long before he died. So to the young men going out from the schools and colleges at this time, to meet the issues of life take Job as an example of the man whom the devil couldn't touch. Take his character for integrity as your pattern. Build on that and you will not lack for success. The writer realizes too well his own mistakes in getting off his guard, but he has learned long since that God is merciful and all he wants is for us to get in the right path, stay in it, and He will lead us on to victory. It is not recorded that Job had a college education, but he had nerve, trust in God, and common sense. The main idea is, don't be ashamed to show to the world that the manliest, bravest of all men is the one who does trust in God, even though in some way it looks as if he is going to be led in the midst of tangled thickets and dark woods. Trust him. Whoever reads these words, let him remember to be like Job—true to himself. A man may be conscious of his personal integrity if he has any. And then, my dear brother, some one will say, he was true to his fellow and to his God Such a man will shine because God made him to shine. When a lamp is lit it gives light. "First to thine own self be true, and it follows on as night the day, thou canst not be false to any man." And that is religion—being true.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of the vital organs. If the liver is inactive you have a bilious look; if your stomach is disordered you have a dyspeptic look; if your kidneys are affected you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alterative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at C. E. Holton's drug store. 50 cents per bottle.

WINE OF CARDUI

HEALTHY OLD AGE.

LABUS, BENTON CO. ARK., Aug. 4.
I am 49 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.
MRS. E. B. TOWNSEND.

McELREE'S Wine of Cardui

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

Easy to Put on---Easy to Take off

There's "a something" about our clothes to measure that you don't find in others—they slip on easy, they slip off easy—and most important, **they fit**. Let us make your next suit—put it on, walk down street with it, people will look after you and admire it. Tell your friends that you paid only $15 or $20 for it and they won't believe it. Don't seem credible. Tell them it cost anywhere from $25 to $40—they'll believe that, while your pocketbook has at least $10 the best of it. Tell your friends about our famous $3 trousers and our wonderful $15 Serge Suits to order.

If "coming events cast their shadows before," those shadows on the blind presage a wedding in the near future. The young lady may even be "all ready" to marry, that is, she thinks she's "all ready" for her trousseau's prepared, the "trip" has been planned, and the house picked out and "everything."

When we see a young woman go out to meet fate that way it brings to mind the Frenchman's saying of the Charge of the Light Brigade. "It was magnificent but it was not war." It is magnificent to see the young girl face the future so fearlessly, but it is not life. No young woman is ready for married life unless her physical condition is up to the standard of marriage, in the health of all the delicate womanly organs, and rarely is that the case.

Young women entering upon the state of marriage will find no friend so helpful as Dr. Pierce's Favorite Prescription. It gives vigor and elasticity to the organs peculiarly feminine, prevents the drains that ruin the health, and makes the ordeal of motherhood so easy that it is practically almost painless.

"At an early stage of married life," writes Mrs. Flora Arn, of Dallas, Jackson Co., Mo., "I was greatly bothered with painful periods, also a troublesome drain which rendered me very weak and unfit for work of any kind. I became so thin there was nothing left of me but skin and bone. My husband became alarmed and got me a bottle of 'Favorite Prescription.' After he saw the wonderful effects of that one he got me two more, and after I used those up there was no more pain, and I began to gain in flesh very rapidly."

Dr. Pierce's Common Sense Medical Adviser answers every question. It is sent free on receipt of 21 one-cent stamps to pay the cost of mailing *only*. For the cloth-bound edition send 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

JEFFRIES WINS.

Fitzsimmons Is no Longer Champion of the World.

New York, June 9—It took just eleven rounds for Jeffries to knock out Fitzsimmons at Coney Island tonight, and in the brief space of one hour from the time the pugilists entered the ring the star of one champion had set and that of another risen.

Lanky Bob was the favorite of the sporting fraternity, and nobody except a small circle of Jeffries enthusiasts expected to see championship honors shifted; but it was apparent from the beginning that Fitzsimmons was no match for his weighty opponent.

The contest became decidedly interesting in the second round when a well planted blow sent Bob to the floor. In the fourth round Jeff got in a sledge hammer blow over Fitz's heart. In the sixth Fitz rallied and belabored his antagonist with several hard knocks. In the eighth a stiff one on the jaw sent Fitz reeling to the ropes, and in the ninth Bob was sent to the floor twice. He came to the scratch in two more rounds, but in the eleventh round he was put out of the fight by a lick from which he could not recover in time.

What is Kodol Dyspepsia Cure? It is the newly discovered remedy, the most effective preparation ever devised for aiding the digestion and assimilation of food, and restoring the deranged digestive organs to a natural condition. It is a discovery surpassing anything yet known to the medical profession. Howard Gardner.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

E. Holton, druggist.

Wigwag—"What a relief it is now to go into a theatre and see all the women remove their hats." Scribbler—"I'm about three dollars a week out of pocket by it." Wigwag—"How's that?" Scribbler—"I write jokes for the comic papers."

The Bond Issue

Shall we vote for this?

Take the question, debate it in your mind, study the different phases as you see it from different standpoints, consult with your neighbor, get his idea. talk with your merchants and manufacturers, see what they think about it.

But stop. This is going to take work, and too much exercise this hot weather is risky. You want to be conservative in your investigation; you want to be deliberate in your movements, and you must keep your person in a cool, normal state.

A Mother Tells How She Saved Her Little Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once It proved to be one of the very best medicines we ever had in the houses. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my daughter much suffering.—Yours truly, Mrs. Geo. F. Burdick, Liberty, R. I. For sale by C. E Holton, druggist.
